

Grad Apps 2.0

Administrator User Manual

Edward Vaisman Sadman Sakib Hasan

April 30, 2018

Contents

1 Logging In

To access the gradapps portal you'll first need to be authenticated into the system. To begin simply click on the "Sign In" button on the welcome page.

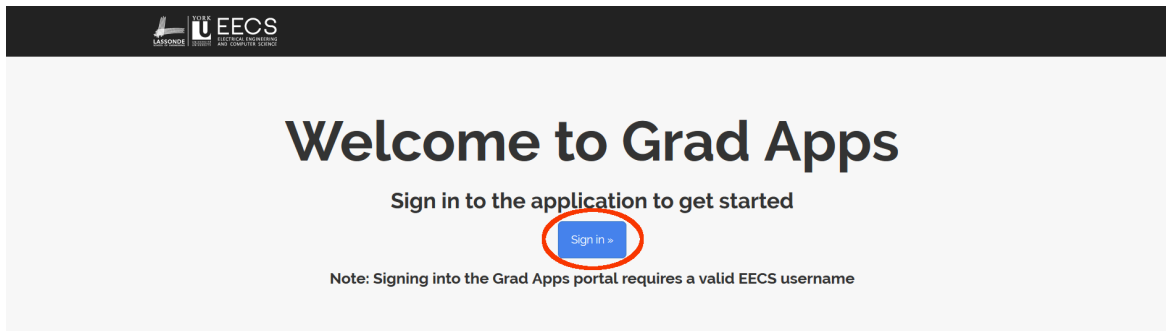

Figure 1: Welcome Page

You will then be redirected to the login page. Input your username, password and click on the "Login" button. If you are successfully authenticated you will be redirected to the role selection page.

Figure 2: Login Page

Note: If the credentials you have provided are invalid you will be greeted with an error message.

2 Selecting a Role

The subsections below describe the methods for selecting the a role.

2.1 Role Selection Page

From the role selection page click on the “Continue as an Admin” button to be redirected to the committee member portal.

Figure 3: Role Selection Page

Note: To access the administrator/committee/professor portal you must be granted access from an administrator.

2.2 Navigation Bar

If you have selected another role and wish to switch roles you will be presented with an option on the navigation bar. Click on the dropdown menu that displays your current role and click on your desired role.

Figure 4: Switch Roles

Note: To access the administrator/committee/professor portal you must be granted access from an administrator.

3 User Settings

To customize personal user settings, simply click on the “Settings” button from the navigation bar on any page. The following are the required fields when update personal user settings:

- Username
- Last Name
- First Name
- Email

4 Administrator Dashboard

After logging in and selecting the *Admin* role you will have access to the administrator dashboard. From the dashboard you can perform the following:

- Manage Users (Refer to section: ??)
 - Adding a new user
 - Remove a existing user
 - Assign a new role to an user
 - Removing a role from an user
 - Updating user information such as:
 - * Username
 - * Password
 - * Last Name
 - * First Name
 - * Email Address
 - * Field(s) of Specialization
 - Deleting unwanted filter presets
- Manage Applications (Refer to section: ??)
 - Creating a new application
 - Deleting an existing application
 - Apply filtering on existing application(s)
 - Save presets on most used filter(s)
 - Export all or a set of application(s) to CSV
 - View application PDF file
- Manage Reviews (Refer to section: ??)
 - Assign at most one reviewer for visa applicants
 - Assign at most two reviewer(s) for domestic applicants
 - Unassign reviews from an application
 - Dismiss submitted review from an application
 - View application PDF file

More on each of the three management portals in the following sections.

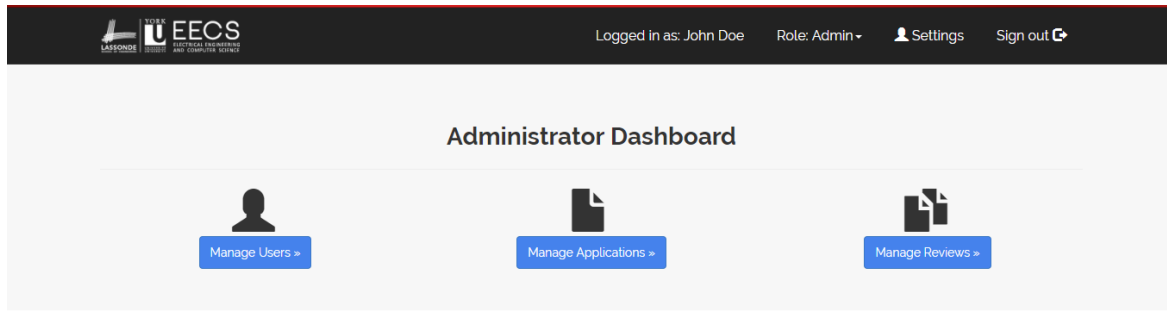

Figure 7: Administrator Dashboard

Note: Each of the management portal has a *Go back to dashboard* link which upon clicking will bring back to the default dashboard.

5 Manage Users

This section describes how you would add/remove a user, assign/unassign roles from a user and update user related information. To begin, from the administrator dashboard, click on *Manage Users*.

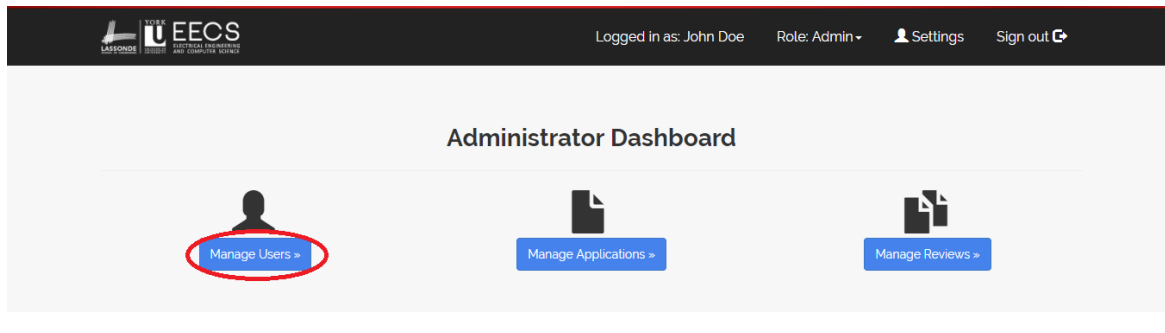

Figure 8: Click to Manage Users

5.1 Adding a user

Once in the managing user portal, you can add a new user to the system. Adding a new user to the system requires you to give them a username (EECS username), generate a random password or make a password for the user, fill in basic user information (such as Last Name, First Name, Email Address, Field(s) of Specialization) and assign them a role. The following fields are required when creating a new user:

- Username
- Password
- Last Name
- First Name
- Email
- Role(s)

Note: Username for a user is unique and hence trying to create a user with an existing username will not allow the new user to be created.

5.2.1 Remove a user

To remove an existing user from the system, click on the *Manage User* button as shown above for the corresponding user. Then click on the trash can button at the bottom of the page as shown.

Note: As an administrator you can only remove other users. You cannot remove yourself from the system. Another administrator has to remove you in that case.

5.2.3 Update User Information

As an administrator you can update user information. To update user information for an existing user, click on the *Manage user* button as shown above for the corresponding user. Then click on the upload button at the bottom of the page as shown. The following fields are required when updating a user information:

- Username
- Last Name
- First Name
- Email
- Role(s)

Note: All required fields are needed to be filled when editing an user.

The screenshot displays the 'Edit User Form' with the following sections and fields:

- Login Information:** Includes 'Username*' (containing 'arri') and 'New Password' (containing 'Password'). Below the password field are 'Generate Password' and 'Copy Password' buttons.
- General Information:** Includes 'Last Name*' (containing 'Cristofolo'), 'First Name*' (containing 'Arri'), and 'Email*' (containing 'acristofoloo@furl.net').
- User Information:** Includes 'Field(s) of Specialization' and 'Role(s)*'.
- User Filter Preset(s):** Includes 'Admin Preset'.

At the bottom, a note states 'All fields with * are required'. Below this note are three buttons: 'Close User' (blue), 'Delete User' (red), and 'Update User' (green). The 'Update User' button is circled in blue.

Figure 15: Updating an user

5.2.4 Remove Unwanted Filter Presets

As an administrator you can remove unwanted filter presets for a particular user. To remove such presets for an existing user, click on the *Manage user* button as shown above for the corresponding user. Then simply unchecking the preset from the dropdown will permanently remove the preset for the user.

The screenshot displays a user management form. At the top, there are fields for 'Username*' (containing 'von') and 'New Password' (with 'Generate Password' and 'Copy Password' buttons). Below these are sections for 'General Information' (Last Name: Brakespear, First Name: Von, Email: vbrakespearf@e-recht24.de) and 'User Information' (Fields of Specialization: Data Science, Machine Learning; Roles: Admin, Committee Member). The 'User Filter Preset(s)' section shows two dropdowns: 'Admin Preset' (set to 'Admin Preset(s)') and 'Committee Member Preset' (set to 'PhD preset'). The 'Committee Member Preset' dropdown is open, showing a search bar and a list of options: 'Misc preset' and 'PhD preset' (which is checked). At the bottom, there are buttons for 'Close User', 'Delete User', and 'Update User', along with a note: 'All fields with * are required'.

Figure 16: Remove Filter Presets

5.3 Sorting the Table

If you wish to sort the table displayed simply click on the columns that display arrows next to the name. The table can be sorted in Ascending/Descending order described below.

- **Member Name:** Descending Order = Z to A, Ascending order = A to Z
- **Member Email:** Descending Order = Z to A, Ascending order = A to Z

Pro-tip: To sort by multiple columns hold the shift key while clicking on the columns.

6 Manage Applications

This section describes how you would create/delete an application, export applications to CSV, apply filtering on application(s), save most used filter(s) as preset and viewing application PDF file. To begin, from the administrator dashboard, click on *Manage Applications*.

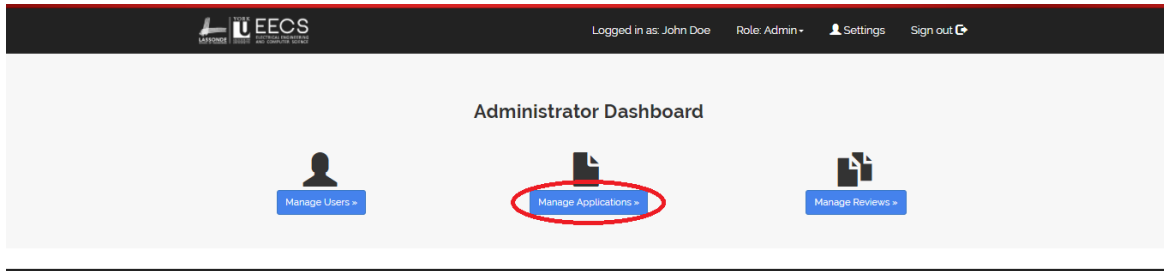

Figure 17: Click to Manage Applications

6.1 Create an application

Once in the managing application portal, you can create a new application and upload all necessary documents. Creating a new application requires you to upload the application file, filling out general application information, previous grades, application information and finally assigning a one or more reviewer from the admission graduate committee. The following fields are required when creating a new application:

- Application File
- Session
- Student Number
- Last Name
- First Name
- Email
- Gender
- GPA

- Visa Status
- Degree Applied For
- Field(s) of Interest
- Preferred Professor(s)

6.3 Export Application(s)

Once in the managing application portal, you can export all or a set of application(s) in CSV format. To achieve a set of applications simply use filtering to narrow down the application result. Clicking on the *Export to CSV* button will download all selected application into a CSV file.

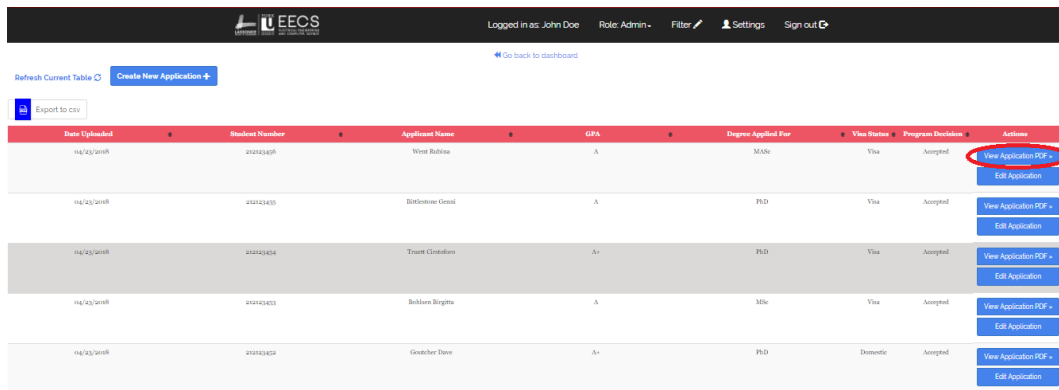

The screenshot shows the EECS Gradapps portal interface. At the top, there is a navigation bar with the EECS logo, user information (Logged in as: John Doe, Role: Admin), and links for Filter, Settings, and Sign out. Below the navigation bar, there are two buttons: 'Refresh Current Table' and 'Create New Application'. A red circle highlights the 'Export to CSV' button, which is located next to the 'Refresh Current Table' button. Below these buttons is a table with the following columns: Date Uploaded, Student Number, Applicant Name, GPA, Degree Applied For, Visa Status, Program Decision, and Actions. The table contains six rows of application data. Each row has two buttons in the Actions column: 'View Application PDF' and 'Edit Application'.

Date Uploaded	Student Number	Applicant Name	GPA	Degree Applied For	Visa Status	Program Decision	Actions
04/23/2018	212123456	Wong Robina	A	MSc	Visa	Accepted	View Application PDF Edit Application

Figure 23: Exporting application(s)

6.4 View Application PDF

Once in the managing application portal, you can chose to view the PDF formatted file of the application. Clicking on the *View Application PDF* for the corresponding application will open a new tab along with the pdf file.

The screenshot shows the EECS application management portal. At the top, it says "Logged in as John Doe" with roles "Admin", "Filter", "Settings", and "Sign out". Below the header, there's a "Refresh Current Table" button and a "Create New Application" button. A table lists applications with columns: Date Uploaded, Student Number, Applicant Name, GPA, Degree Applied For, Visa Status, Program Decision, and Actions. The first row is highlighted, and the "View Application PDF" button in the Actions column is circled in red.

Date Uploaded	Student Number	Applicant Name	GPA	Degree Applied For	Visa Status	Program Decision	Actions

Figure 24: Viewing Application PDF

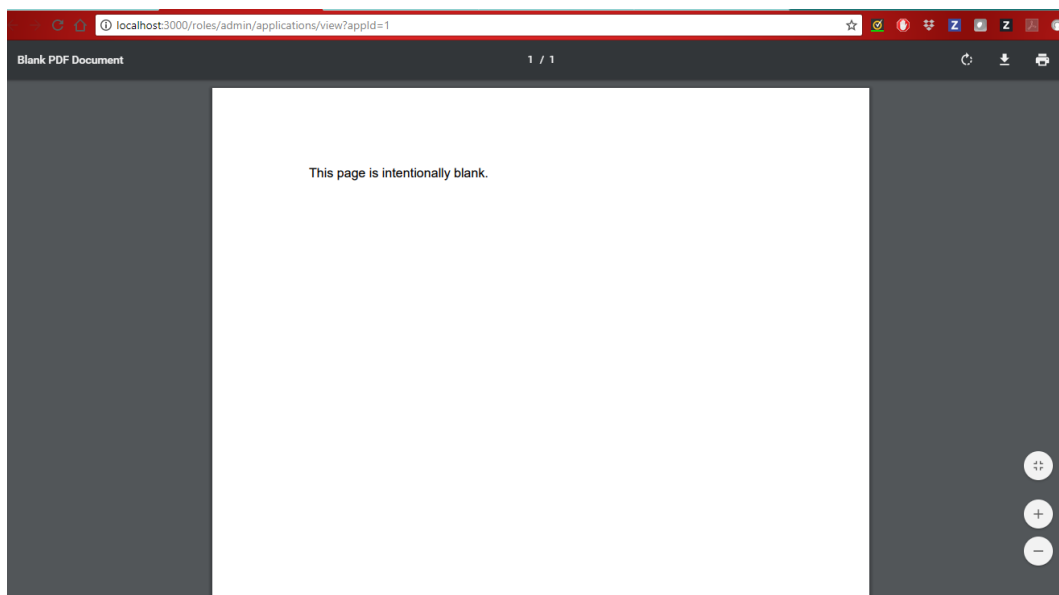

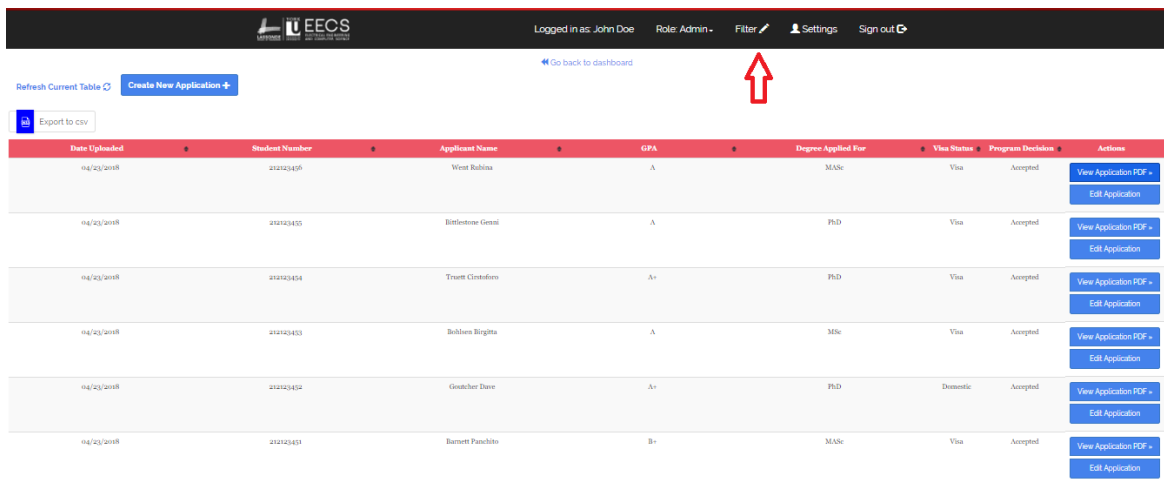

Figure 25: Application PDF

6.5 Filtering the Table

This section describes how you would use/build/save/load a filter on the review table.

6.5.1 Opening the Modal

To begin with filtering you must open the modal. To do so click on the “Filter” button on the navigation bar.

The screenshot shows the Gradapps interface. At the top, there is a navigation bar with the following items: "Logged in as John Doe", "Role: Admin", "Filter" (with a pencil icon), "Settings" (with a person icon), and "Sign out" (with a logout icon). Below the navigation bar, there is a "Go back to dashboard" link. On the left side, there are buttons for "Refresh Current Table" and "Create New Application". Below these, there is an "Export to csv" button. The main part of the interface is a table with the following columns: "Date Uploaded", "Student Number", "Applicant Name", "GPA", "Degree Applied For", "Visa Status", "Program Decision", and "Actions". The table contains six rows of application data. A red arrow points to the "Filter" button in the navigation bar.

Date Uploaded	Student Number	Applicant Name	GPA	Degree Applied For	Visa Status	Program Decision	Actions
14/12/2018	010101495	West Rubina	A	MSc	Visa	Accepted	View Application PDF Edit Application
14/12/2018	010101490	Bilalshar Gani	A	PhD	Visa	Accepted	View Application PDF Edit Application

14/12/2018	010101451	Burnett Panchito	B+	MSc	Visa	Accepted	View Application PDF Edit Application

Figure 26: Opening the Modal

The screenshot displays the 'Filter' modal in the Gradapps application. The modal is titled 'Filter' with a pencil icon. It contains the following sections:

- Load a Preset:** A dropdown menu currently showing 'Nothing Selected'.
- Choose Your Columns:** A section with two rows of column selection buttons:

Date Uploaded	Student Number	Applicant Name	GPA
Degree Applied For	Visa Status	Program Decision	Actions
- Choose Your Filters:** A section with five filter dropdowns, each currently set to 'Any':

Applicant Name	GPA	Degree	Visa Status	Program Decision
Any	Any	Any	Any	Any
- Selected Filter:** A section for displaying the selected filter.
- Footer:** Contains 'Cancel' (red), 'Submit' (green), 'Preset Name' (text input), and 'Save Preset' (blue) buttons.

The background shows a table with columns: Student Number, Degree Applied For, Visa Status, Program Decision, and Actions. The table contains several rows of data, including student numbers and program details.

Figure 27: Filter View

6.5.2 Choose Your Columns

Once the modal is opened you can then choose the columns you wish to be displayed on the table. To do so, click on the button indicating which column you wish to see. Once clicked the button will display the order that column will appear in the table.

The screenshot shows a 'Filter' modal window. At the top, it says 'Filter' with a pencil icon. Below this, there's a 'Load a Preset' section with a dropdown menu currently showing 'Nothing Selected'. The next section is 'Choose Your Columns', which displays a grid of buttons for selecting columns. The buttons are: 'Date Uploaded' (with a small blue '1' icon), 'Student Number', 'Applicant Name' (with a small blue '3' icon), 'GPA' (with a small blue '4' icon), 'Degree Applied For', 'Visa Status' (with a small blue '2' icon), 'Program Decision', and 'Actions'. Below this is the 'Choose Your Filters' section, which has five dropdown menus for 'Applicant Name', 'GPA', 'Degree', 'Visa Status', and 'Program Decision', all currently set to 'Any'. At the bottom, there's a 'Selected Filter' section, a 'Cancel' button, a 'Submit' button, a 'Preset Name' input field, and a 'Save Preset' button.

Figure 28: Choose Your Columns

Note: Not selecting any column will use the same columns and order as the default table. If the *Actions* column is not selected it will automatically be placed as the right most column.

6.5.3 Choose Your Filters

After selecting your columns, you can then choose the attributes by which you wish to filter your table. Begin by clicking on the drop down of the attribute you wish to filter and select an option from a list of generated options.

The screenshot shows the 'Filter' modal in the Gradapps application. The modal is titled 'Filter' with a pencil icon. It contains three main sections:

- Load a Preset:** A dropdown menu showing 'Nothing Selected'.
- Choose Your Columns:** A grid of buttons for selecting columns to display. The buttons are: Date Uploaded, Student Number, Applicant Name, GPA, Degree Applied For, Visa Status, Program Decision, and Actions.
- Choose Your Filters:** Five dropdown menus for selecting filter attributes: Applicant Name, GPA, Degree, Visa Status, and Program Decision. The 'Degree' dropdown is currently open, showing a search bar with 'm' and a list of options: 'm', 'MSc', and 'MAsc'. The 'MSc' option is highlighted.

Below the filter dropdowns is a 'Selected Filter' section. At the bottom of the modal are three buttons: 'Cancel' (red), 'Submit' (green), and 'Save Preset' (blue). There is also a 'Preset Name' input field next to the 'Save Preset' button.

Figure 29: Choose Your Filters

Note: You can use the search bar to help locate values. Begin by typing in the text box displayed. You can only select an option that appears in the dropdown.

6.5.4 Submitting a Filter

Once you have chosen your columns and filter attributes confirm your filter by reading the text under “Selected Filter” and click “Submit”. The text under the “Selected Filter” will change based on your filter attributes.

The screenshot shows a 'Filter' modal window with the following sections:

- Load a Preset:** A dropdown menu currently showing 'Nothing Selected'.
- Choose Your Columns:** A grid of buttons for selecting columns. The selected columns are 'Date Uploaded', 'Student Number', 'Applicant Name', 'GPA', 'Degree Applied For', 'Visa Status', 'Program Decision', and 'Actions'.
- Choose Your Filters:** A section with five dropdown menus for filtering: 'Applicant Name' (Any), 'GPA' (Any), 'Degree' (MSc), 'Visa Status' (Any), and 'Program Decision' (Any).
- Selected Filter:** A section showing the current filter: 'Degree Applied For = MSc'.
- Buttons:** At the bottom, there are three buttons: 'Cancel' (red), 'Submit' (green, highlighted with a blue circle), and 'Save Preset' (blue). There is also a text input field for 'Preset Name'.

Figure 30: Submit Filter

Note: When submitting a filter with no selected filters, the default table will be loaded.

Figure 32: Save a Filter

Once you have saved a filter you will be provided with a new table to match your filter and it will appear in the dropdown to be used for loading a filter.

Pro-tip: You can update a filter by typing in the same name as an existing filter.

6.5.6 Deleting a Filter

You can delete a filter by going into your settings. See Section ??.

6.5.7 Loading a Filter

To load a saved filter click the dropdown under “Load a Preset” and select the preset you wish to use. Once selected the modal will auto-populate.

Filter

Degree Applied For = MSc

Figure 33: Loading a Filter

Pro-tip: Create a preset called *Default* with no columns or filters selected. You can

then use this to load the default table or help clear any data you put in the modal.

6.6 Sorting the Table

If you wish to sort the table displayed simply click on the columns that display arrows next to the name. The table can be sorted in Ascending/Descending order described below.

- **Date Uploaded:** Descending Order = Newest - Oldest, Ascending order = Oldest - Newest
- **Student Number:** Descending Order = Largest to Smallest, Ascending order = Smallest to Largest
- **Applicant Name:** Descending Order = Z to A, Ascending order = A to Z
- **GPA:** Descending Order = A+ to F, Ascending order = F to A+
- **Degree Applied For:** Descending Order = Z to A, Ascending order = A to Z
- **Program Decision:** Descending Order = Z to A, Ascending order = A to Z

Pro-tip: To sort by multiple columns hold the shift key while clicking on the columns.

Note: Ordering fields can be done on both filtered and unfiltered application lists.

The following images depict how to order review applications using the *Student Number* field in ascending and descending order.

7 Manage Reviews

This section describes how you would assign, unassign or dismiss reviews for an application and apply filter on review applications. To begin, from the administrator dashboard, click on *Manage Reviews*.

Figure 37: Click to Manage Reviews

7.1 Assign Review

Once in the managing review portal, you can assign a reviewer to an application. There is a maximum cap of number of reviewers assigned to an application. For domestic applications there is a maximum of 2 reviewers whereas for visa applications there is a maximum of 1 reviewer.

Figure 38: Assign a review

7.2 Unassign Review

Once in the managing review portal, you can manage a review for the corresponding application. To manage the review, click on *Manage Reviews* for the corresponding application. In the review outline page, it will display all the reviewers for the application. You can unassign a review for an application if it has not been submitted yet.

Manage Reviews

General Information

Student Number: 212123056	Last Name: Borrel	First Name: Glennis	Visa Status: Domestic
Field(s) of Interest: 1. Machine Learning 2. Data Mining	Preferred Professor(s): 1. Jenna Kubera 2. Buiron Truran 3. Reamonn Cleef		

Review Information

Assigned Reviewer(s):

Date Assigned	Member Name	Member Email	Review Status	Actions
04/23/2018	Joeann Edgeon	jedgeon9@reverbnation.com	New	<div style="border: 2px solid #007bff; border-radius: 10px; display: inline-block; padding: 2px 5px; color: white; background-color: #dc3545;"> ➕ Unassign Review </div>
04/23/2018	Byrom Allbones	ballbonesa@cam.ac.uk	Submitted	<div style="background-color: #dc3545; color: white; padding: 2px 5px; border-radius: 5px;"> 🗑️ Dismiss Review </div>

✖️ Close

Figure 39: Unassign a review

7.3 Dismiss Review

Once in the managing review portal, you can manage a review for the corresponding application. To manage the review, click on *Manage Reviews* for the corresponding application. In the review outline page, it will display all the reviewers for the application. You can dismiss a review for an application if it has been already submitted.

Manage Reviews

7.4 Filtering the Table

This section describes how you would use/build a filter on the table.

7.4.1 Opening the Modal

To begin with filtering you must open the modal. To do so click on the “Filter” button on the navigation bar.

The screenshot shows the Gradapps interface. At the top, a dark navigation bar contains the EECS logo, user information (Logged in as: John Doe, Role: Admin), and buttons for Filter, Settings, and Sign out. Below the navigation bar is a blue button labeled "Go back to dashboard". The main content area features a table with the following columns: Visa Status, Field(s) of Interest, Preferred Professor(s), Reviews Assigned, Reviews Pending, and Actions. The table contains five rows of data. A red arrow points to the "Filter" button in the navigation bar.

Visa Status	Field(s) of Interest	Preferred Professor(s)	Reviews Assigned	Reviews Pending	Actions
Domestic	Machine Learning, Data Mining	Jenna Kubera, Buiroon Truran, Reamonn Cleef	2 / 2	1 / 2	Manage Reviews » View Application PDF »
Domestic	Data Mining	Bronny Poole	1 / 2	1 / 2	Pick one or more assignee ▾ Assign Manage Reviews » View Application PDF »
Domestic	Artificial Intelligence, Graph Mining	Wanny Dalyell, Buiroon Truran	1 / 2	0 / 2	Pick one or more assignee ▾ Assign Manage Reviews » View Application PDF »
Domestic	Human-Computer Interaction, Micro/Nano Electronic Systems, Software Engineering	Susanna Chesher, Chad Donaghie	2 / 2	1 / 2	Manage Reviews » View Application PDF »
Domestic	Bioinformatics, Embedded Systems, Data Mining	Sheff Boneham, Buiroon Truran, Reamonn Cleef	2 / 2	2 / 2	Manage Reviews »

Figure 41: Opening the Modal

7.4.2 Choose Your Columns

Once the modal is opened you can then choose the columns you wish to be displayed on the table. To do so, click on the button indicating which column you wish to see. Once clicked the button will display the order that column will appear in the table.

Filter

Choose Your Columns

Visa Status ¹	Field(s) of Interest ³	Preferred Professor(s) ⁴
Review Assigned ²	Review Pending	Actions

Choose Your Filters

Visa Status Any ▼	Field(s) of Interest Any ▼	Preferred Professor(s) Any ▼
-----------------------------	--------------------------------------	--

Selected Filter

✕ Cancel ✓ Submit

Figure 42: Choose Your Columns

Note: Not selecting any column will use the same columns and order as the default table. If the *Actions* column is not selected it will automatically be placed as the right most column.

7.4.3 Choose Your Filters

After selecting your columns, you can then choose the attributes by which you wish to filter your table. Begin by clicking on the drop down of the attribute you wish to filter and select an option from a list of generated options.

Filter

Choose Your Columns

Visa Status	Field(s) of Interest	Preferred Professor(s)
Review Assigned	Review Pending	Actions

Choose Your Filters

Selected Filter

Field(s) of Interest = Artificial Intelligence **AND** Preferred Professor(s) = Zbigniew Stachniak

Cancel **Submit**

Figure 43: Choose Your Filters

Note: You can use the search bar to help locate values. Begin by typing in the text box displayed. You can only select an option that appears in the dropdown.

7.4.4 Submitting a Filter

Once you have chosen your columns and filter attributes confirm your filter by reading the text under “Selected Filter” and click “Submit”. The text under the “Selected Filter” will change based on your filter attributes.

Once the resulting table is returned after filtering, you can assign/unassign/dismiss review from any of the returned applications.

Figure 45: Resulted Table After Applying Filter

7.5 Sorting the Table

If you wish to sort the table displayed simply click on the columns that display arrows next to the name. The table can be sorted in Ascending/Descending order described below.

- **Visa Status:** Descending Order = Z to A, Ascending order = A to Z
- **Review Assigned:** Descending Order = Largest to Smallest, Ascending order = Smallest to Largest
- **Review Pending:** Descending Order = Largest to Smallest, Ascending order = Smallest to Largest

Pro-tip: To sort by multiple columns hold the shift key while clicking on the columns.

Note: Ordering fields can be done on both filtered and unfiltered review application lists.
